# CASPIAN INNOVATION CONFERENCE

Ministry of Transport, Communications and High Technologies of the Republic of Azerbaijan initiated a regional platform, **Caspian Innovation Conference**, to discuss the sectoral challenges and effective partnership opportunities between the stakeholders of innovation and high-tech sector.

Caspian Innovation Conference is an annual feature event of the **Bakutel International Exhibition** and year by year will cover different topics such as Broadband Connectivity, the Internet of Things, Artificial Intelligence, ICT based Startups and Innovative SMEs, 4th Industrial Revolution and knowledge-based manufacturing, Cybersecurity Readiness, etc.

# CASPIAN INNOVATION CONFERENCE

“DIGITAL CONNECTIVITY FOR  
SUSTAINABLE DEVELOPMENT”

December 05, 2018 | Baku, Azerbaijan

# CASPIAN INNOVATION CONFERENCE

Considering the vital role of the broadband infrastructure in the development of ICT services and solutions, and while many countries in Eurasia are land-locked or located away from existing broadband highways, the first year's conference was organized under the theme “**Digital Connectivity for Sustainable Development**”.

**Caspian Innovation Conference 2018** brought together government representatives, industry leaders, senior officials from the regulatory authorities and international organizations, as well as high-level management of the biggest telecom and satellite operators of the region to discuss solutions for reducing digital divide, review connectivity options for foreign investments and enabling significant business efficiency.

ICT Ministers of Afghanistan, Azerbaijan, Iran and Turkey delivered their opening remarks at the Opening Session of the Caspian Innovation Conference 2018.

## Plenary sessions of the **Caspian Innovation Conference 2018**:

1. “The Role of Broadband Connectivity in Sustainable Development: Challenges and Opportunities”;
2. “The Future of Mobile Broadband: 5G and Beyond”.
